

LOCATIONS ADD-ON (ALL VOICE TYPES)

Whiterun:

- Let's check out the market, you never know what you might find.
- Arcadia's Cauldron has many ingredients and even a potions table to mix them.
- Belethor is too eager to sell his wares. It makes him come off.. creepy.
- Rumor has it Nazeem has been seen sneaking out of the Jarl's bedchambers.
- That Heimskr fellow is annoying.
- Ysolda is more than she lets on to be.

Windhelm:

- The walls have names carved of the great heroes of Windhelm. Take a look if you have time.
- Be careful it can be icy here.
- It is so racist how they refuse to let the beastmen into the city.
- This is one of the oldest cities in Skyrim, you think it would be bigger.
- The gray quarter was once called the snow quarter. Why'd they change the name?
- Let's visit the House of Curiosities while we're here. It would be fun.

Solitude:

- A pity about Elisif. The poor girl has been through so much.
- You'd think this city would be more crowded since it's the capitol.
- Did you see the court wizard's eyes? They don't look human.
- Let's go see the bards while we're here. Maybe they'll sing us something special.
- Do you want to look around the castle dour?
- They sell the best sweetrolls here!

Riften:

- Riften, home to the best crime guild in Skyrim.
- A temple of Mara? In this city? What a laugh.
- They should rename this city Blackbriar.
- Up for a friendly mead drinking contest?
- Do you think anyone swims in the canal? The water looks a bit dirty.
- Helga's bunkhouse only serves men. I wonder what they really do in there.

Markarth:

- The Silver Blood's seem to own everything in this city.
- Those minors work harder than anyone in this whole city.
- To have seen this place when the Dwemer ruled it...
- Wanna climb to the tower up there? I bet you can see the whole city.
- Let's have some fun while we're here.
- Be sure to give to needy when you can. The Gods always smile on a charitable soul.

Winterhold:

- We have a great view of the sea of ghosts from up here! Maybe we'll see a ghost ship.
- Wow! Would you look at that! It's incredible!
- I can't believe half the city just fell into the sea. Maybe we shouldn't wander too close to the edge.
- It's freezing here!
- Let's go inside somewhere, anywhere! Just out of this.
- I can see why the locals practically live in the tavern.

Dawnstar:

- It's so pretty if you don't mind the freezing ocean breeze.
- The sounds of crashing waves are so alluring.

- I wonder what coastal cities look like in other parts of Tamriel.
- I know you're having fun standing around out here but I'm freezing my butt off.
- If you plan on running away on a ship, the voyages here are the cheapest.
- Want to take a stroll down the shoreline?

Morthal:

- Is this a major city? Doesn't look like it.
- I wonder what the local cuisine looks like.
- I'm surprised more Argonians haven't settled down here. It's a swamp.
- The mud is like quick sand so stick to the trails.
- Do you think they get a lot of strange swamp creatures? The town seems a bit on edge.
- I wonder who the supply lumber to? How do they transport it?

Falkreath:

- Home to the most famous graveyard in Skyrim. Perhaps all of Tamriel.
- Is it me, or does the graveyard have strange sounds coming from it at night?
- I'll give it the people here, they certainly have a sense of humor. Give the names of the shops.
- I can't believe a little girl was murdered here. So tragic.
- This is a necromancers paradise.
- Do you think there are skeletons buried right under our feet?

College of Winterhold:

- Maybe I should enroll here and learn some useful magic.
- You can just feel the magic here!
- I've always wanted to see the inside of this place.
- Rumor has it that there is a whole labyrinth of tunnels right under the college.
- I thought more students would come here to train.
- The architecture here is stunning. Magic in every stone.

Bard's College:

- I wish I could sing.
- If we hang out here long enough I'm sure we'll be able to hear them practicing.
- I wonder if that famous wandering bard studied here?
- Do you think they have some good stories of their own?
- Who is your favorite bard?
- I love their festivals! Bards really know how to have a good time.

High Wrothgar:

- This place is amazing!
- I better keep my voice down, it's so quiet everything echos.
- The graybeards are a lot kinder than I thought they'd be.
- I wonder if more will take the climb to learn the ways of the voice?
- I know this place is impressive and all but you're not going to stay and meditate with them, are you?
- Do you think you can get them to shout? It's for reasons...

Taverns/Inns:

- Let's drink til we can't stand!
- Finally, I'm starving!
- I want my own room this time. I cannot sleep in the chair again.
- Let me get cozy by the fire for a bit.
- I wonder if there are any other adventurers in here.
- So, you're buying, right?
